

**YOU'VE BEEN OFFICIALLY TRAINED
IN THE MOST TESTED AND PROVEN
CHIROPRACTIC TECHNIQUE IN THE WORLD.
ISN'T IT ABOUT TIME YOU LET
THE WORLD KNOW?**

It's one thing to be really good at what you do. It's another thing to get the word out to potential patients. That's why Chiropractic BioPhysics has teamed up with Holmes & Co Advertising to offer you effective, quality advertising campaigns. These campaigns will not only get noticed, they will also lend credibility to your practice by emphasizing that you are a CBP-Trained Doctor. For more information talk to Dr. Deed Harrison or Lisa Holmes while at this conference. Or call 1-800-346-5146.

Sometimes pain relievers, whether prescribed by a doctor or purchased over the counter, help with chronic suffering from whiplash. But when the chemicals go away, the pain returns, often worse than before.

The fact is, many patients with chronic whiplash pain get no lasting relief from medical care or even physical therapy. But research shows that 93% of patients with chronic whiplash pain get relief from chiropractic even when medical care and physical therapy failed.*

Whiplash treatment techniques developed and tested by Chiropractic BioPhysics® are available from a CBP®-trained Doctor of Chiropractic near you.

Call today for proven help in recovering from whiplash.
